Patent Cooperation Treaty

Haiti is not a signatory to the Patent Cooperation Treaty (PCT). National phase filing of a PCT patent is not possible.

Searches

Whilst there is no requirement to conduct a search in Haiti prior to the filing of an application for registration a search is recommended to ascertain that there will be no discrepancies concerning the innovativeness of the patent. The result can usually be provided within five working days.

Expiry

A patent registration may be valid for 5, 10 or 20 years. A 5 or 10 year registration may be extended to the maximum of 20 years.

Abandonment

Please inform us as soon as possible if you wish to abandon your patent or allow it to lapse so that we can update our records and advise the Intellectual Property Service accordingly. This will avoid us sending out unnecessary Reminder Notices.

Assignment

Please inform us as soon as possible if the patent has been assigned so that we can file an application to record the assignment in Haiti.

To record the assignment of a patent registration the documentation required is the Deed of Assignment (notarised and legalised) and a Power of Attorney with French translations.
