

HSM IP Trade Mark Client Guide

GUERNSEY

Registration

A trade mark can be registered in Guernsey pursuant to the *Trade Marks (Bailiwick of Guernsey) Ordinance, 2006* which provides for national trade mark applications with effect from the date of filing.

The following information and documentation is required:

1. name of the trade mark
2. one copy of the mark (unless mark is word only)
3. class(es) and specification of goods and/or services
4. applicant's name and address

It usually takes about 4-6 weeks for the Registrar of the States of Guernsey Intellectual Property Office to process an application for registration. Paris Convention priority can be claimed. Once the registration is complete the Registrar will issue a Certificate of Registration.

Classes

The International Classification system is used. Multi-class applications are allowed.

Searches

In order to conduct a search the only documentation required is the name of the trade mark and one copy of the mark (unless mark is word only). The result can usually be provided within a week.

Renewal

A trade mark registration is valid for 10 years after which it can be renewed for like periods. Two months before the renewal date we will send you an Expiry Notice asking whether you wish us to renew the registration or allow the mark to lapse.

The application for renewal should be filed prior to the expiration date of the registration. A grace period of six months, however, is allowed from the expiration date for the filing of the application for renewal upon payment of a late fee. After that time a new application for registration is required.

It usually takes about 4-6 weeks for the Registrar to process an application for renewal. Once the renewal is complete the Registrar will issue a Certificate of Renewal.

If you do not wish to renew the mark please inform us so that we can advise the Registrar accordingly.

Abandonment

Please inform us as soon as possible if you wish to abandon your trade mark or allow it to lapse so that we can update our records and advise the Registrar accordingly. This will avoid us sending out unnecessary Reminder Notices.

Restoration

It is possible to make an application to the Registrar to restore a trade mark that has been allowed to lapse. The application must be made within six months from the end of the grace period following the expiration date.

Assignment

Please inform us as soon as possible if the trade mark has been assigned so that we can file an application to record the assignment in Guernsey.

To record the assignment of a trade mark registration the only documentation required is a copy of the Deed of Assignment.

It usually takes about 4-6 weeks for the Registrar to process an application to record an assignment. Once the recording is complete the Registrar will issue a Change of Ownership (Assignment) Certificate.

Change of Particulars

Please inform us as soon as possible if there is any change to the registration so that we can file an application to record the change in Guernsey.

To record a change of name and/or address for a trade mark registration no documentation is required.

It usually takes about 4-6 weeks for the Registrar to process an application to record a Change of Particulars. Once the recording is complete the Registrar will issue a Change of Proprietor Name and/or Address Certificate.
